CTOW
CANADIAN TRACE ORGANIC WORKSHOP

56th Annual Canadian Trace Organic Workshop FIRST ANNOUNCEMENT

The 56th Annual [Canadian Trace Organic Workshop](#) (CTOW) will be held in Cambridge, Ontario on May 12-14, 2024 at the [Cambridge Hotel and Conference Centre](#). The meeting is shaping up to be an informative and enjoyable event!

Deadlines: **March 10, 2024** – hotel room booking at the special workshop rate
 April 15, 2024 – Workshop registration

A mixer and pre-registration will be held on the evening of May 12, 2024 at “The Bruce Craft House” located in the Cambridge Hotel and Conference Centre. The Bruce Craft House has won awards for best local chef, steak, live music, wine list, best lunch, and best all-around restaurant to mention a few.

On Monday evening (May 13), there will be a social event which will include a dinner – details will be provided in the next announcement. The presentation of the Caledon Award will take place during this event.

This long-standing workshop provides an opportunity to network and exchange ideas regarding trace organic analytical methods and research (wide range of testing, sample types and projects) with your colleagues.

This is the first call for participants to make oral presentations of 20 to 30 minutes in duration. Please note that since this is an informal scientific meeting, presentations do not need to be highly polished. Poster presentations are also accepted. We strongly encourage students to participate and make presentations!

The registration cost for the workshop is \$200.00 (\$50.00 for students).

Vogon Labs Student Sponsorship: The first ten students who register and present will have their registration fee paid courtesy of [Vogon Labs](#) (please indicate on the registration form below if you are a student).
